Mr Padala Veerabrahma Reddy garu thanked all the members for their continued efforts over the last year. Special thanks also was made to the Treasurer, whose bookkeeping skills has saved £90 in accounting charges. The Joint Secretary was thanked for his commitment to ensuring the website is updated and brought in new members to the organisation and CRB checks that we are now enabled for. The Building Secretary was thanked for all his maintenance work and cooking over the year. The General Secretary was also thanked for the administrative duties carried out.

Before the committee took over in June 2010, the association had a cash balance of approx £11k. After one year under the control of the new committee, this has now increased to £28k, but also noted that a lot of maintenance and updates to the building have been carried out.
